

## 云系统 banner 设置教程

1, 进入后台, 点击 *banner* 管理如截图;

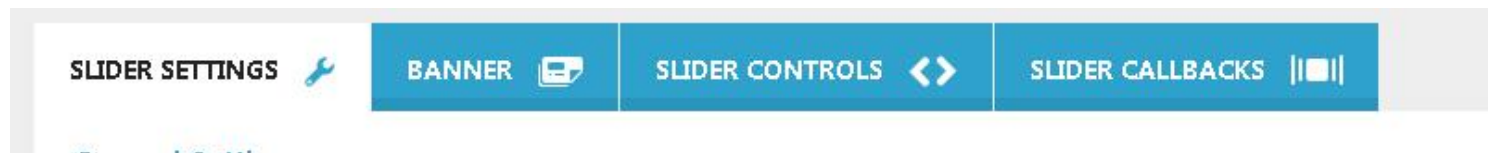

注意事项: *banner* 请不要修改名称以及删除。每个网站技术都将首页的 *banner* 已经设定好, 只需要点击 *banner* 的名称进入编辑。不需要复制和新建。

2, 点击所需 *banner* 名称就可进入编辑

12	Home Version 16 (Full Width Slider)	[masterslider alias=""]	2	custom	8小时 ago	duplicate	delete	preview
----	-------------------------------------	-------------------------	---	--------	---------	-----------	--------	---------

3, 功能说明:

3-1: *Slider settings: banner* 的设置属性。

Slider name and dimensions

Slider name : c11

Slider alias : ms-1

这个名词, 请不要修改, 直接使用默认的, 否则已经设置的 *banner* 将不显示

Slider width : 1200 px    Slider height : 600 px

这个是设置 *banner* 的宽度和高度的, 如无必要, 也无需修改

☒ ON    Automatically crop and resize slider images based on the size above.

Slider sizing method

Boxed and visible nearby slides

Boxed layout

Misc

Choose slide background and thumbnail

Background :

Fillmode :

Fill

Thumbnail :

**Fillmode:** 表示 *banner* 的填充模式，选择填充模式之后，不同的填充模式前台并不是完整显示图片的。需要你根据实际情况来调整图片。**技巧:** 上传图片之后，在前台用 *qq* 截图拉一下看下你想显示的图片范围是多少。然后把你要显示的内容以中小为原点设置。比如:*banner* 的尺寸是 1920\*600,前台发现大概在 1280\*500px 左右,那么你制作的 *banner* 还是 1920\*600,但是内容以及文字说明主要集中在以中心为原点的 1280\*500px 内。

**Video background:** 这个只有特殊的情况用得到，一般用不到。  
**Video and link:** 设置 *banner* 的链接

A photograph of two men in business suits sitting at a desk, looking at a laptop. The man on the left is wearing glasses and has a beard. The man on the right is smiling. The background is a bright, out-of-focus office window.
