About us

Video

Sourcing Department

We have an extensive sourcing department that can source a wide range of raw materials, including gemstones of various types, pearls, corals, and so on.

We have the resources and flexibility to create the jewelry pieces of your dreams and play with your imagination, as we are constantly doing our best to assist our clients and their designs.

Design Department

Jewelry is inspirational and based on creativity. Therefore you have the freedom to share your ideas, photos, or sketch with us. As we have many years of experience and significant expertise in jewelry design, we can always work along your ideas and ensure that the goods are fit for bulk production.

We usually put our designs with one client, therefore, our concepts will be clear and we will be in agreement. Perfectly understanding your requirements will save us time, avoid possible misunderstandings, and make it easier to offer you the premium design you are looking for.
